Catch our improved routes & timetables

Monday 31 July

Your snapshot guide to our network improvements

From **Monday 31 July**, we'll be making **improvements** to a number of our routes.

At Stagecoach Sheffield, we're committed to providing you with bus services that meet your needs. Since launching our bus and tram network in May, we've been monitoring how things are going and we're pleased to say as a result have made a number of improvements as follows:-

- High frequency services 52, 83, 88 & 120 (every 10 minutes), plus services 25 & 123 now operate extended timetables, ensuring you can get to the city centre earlier in the morning and leave later in the evening.

- Route 83 launched in May, has been extended beyond the city centre to serve Ecclesall Road, Hunters Bar and Bents Green.
- Route 83 has also been revised to go via the Herries Road shops.
- Route 88 also launched in May, will now have brand new, low-floor, buses for easier access & greater comfort.
- Route 88 has been revised to a simpler route in High Green while the Bents Green loop will now be served in the opposite direction.

Please keep this leaflet as a handy summary of the changes we're making. If you're in any doubt, or need more information, please make sure you access one of these options:-

1. Visit your nearest **SYPT Travel Centre**
2. Log on to our website at **stagecoachbus.com/sheffield**
3. Call Traveline on **01709 515151**

Bus No.	Route	Improvements / Journey Changes If your bus isn't listed here, there's no change.
